## Grill Island Finishes

All PCE Grill Islands are customizable. Choose the size appropriate for your space and then decide what components you want in your outdoor kitchen island. All grill islands are constructed of a heavy-duty aluminum frame with durable hardiboard siding. Grill islands are available unfinished or finished. Unfinished islands are ready for you to apply stone or a finish of your choice. Finished grill islands come with a Dryvit or stucco base and tile counter top, both available in a variety of colors.

### Countertop Tile & Base Color Selections
